Megan Elliott

Office Coordinator
Accel Financial Staffing

Age: 29

Growing up, I had a speech impediment, so I wanted to be a speech therapist to help other kids with the same problems.

This Accel employee knows how to excel. When she first joined the financial staffing firm seven years ago, she did so in a role that was entry level. Not content with staying at that level, Elliott says she took ownership of the position to transform “what was once a minor role in our company to a very integral part of our day-to-day functions.”

But she’s not all work and no play. She’s had fun in volunteering regularly for Festival of the Arts, Chocolate Decadence, Ronald J. Norick Downtown Library and deadCENTER Film Festival.

“From a young age, my mother encouraged me to get involved in and be a part of

something larger than myself,” Elliott says. “Her lessons of life and community laid the foundation for my involvement in various civic and nonprofit organizations.”

The one she’s proudest of is helping establish the Oklahoma City MidTown Rotary Club.

“Our hard work was rewarded this past June, as we received a charter from Rotary International, the first in District 5750 in over six years,” she says. “This group affords me the ability to continue aiding Oklahoma City in this phenomenal and exciting time of growth and revitalization.” 40
